## A NEW ZEST FOR HEALTH & FITNESS: MEET THE MORO BLOOD ORANGE

XS™ Ignite Powder is designed to support metabolism and help improve body composition when used in conjunction with diet and regular exercise<sup>\*^</sup>. The key ingredient is an extract from the Moro Blood Orange which originates from the southeast of Sicily in Italy, and is the most highly pigmented of any citrus variety. It is also rich in polyphenols and anthocyanins making it the perfect ingredient to support your journey.

Cultivated in the nutrient-rich volcanic soil of Italy's Mount Etna

3X

Rich in antioxidants with 3x the amounts of polyphenols found in navel oranges

Thrives in varying temperatures (hot days, cold nights)

Intense aroma & strong flavor

Dark purplish red flesh due to high content of anthocyanins

Less acidic & slightly sweeter tasting than normal oranges

\*This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

<sup>^</sup> Based on two human clinical studies of 12 weeks and 6 months in length. Participants who consumed 400 mg Moro Blood Orange extract per day showed reduction in body weight, body mass index (BMI), and hip and waist circumference compared to placebo.

## WHAT IS MOROSIL™?

Morosil™ is a standardized extract obtained only from the juice of Moro Blood Oranges and is the specific extract we use in XS Ignite Powder!

Clinical findings have shown that when combined with diet and regular exercise, Morosil™ Extract<sup>Δ</sup>:

Reduces body weight & BMI<sup>†</sup> 

Improves body composition<sup>†</sup> 

 Reduces waist & hip circumference<sup>†</sup>

MOROSIL™ supplementation has been shown to help reduce body weight, BMI,<sup>†</sup> waist and hip circumference in a 12 week study\*.

	3 months		6 months	
Body weight 	<b>Morosil</b> -3.3%	Placebo -2.1%	<b>Morosil</b> -4.2%	Placebo -2.3%
Waist circumference 	<b>Morosil</b> -2.5%	Placebo -2.3%	<b>Morosil</b> -3.6%	Placebo -2.0%
Hip Circumference 	<b>Morosil</b> -2.1%	Placebo -1.7%	<b>Morosil</b> -2.8%	Placebo -1.9%

<sup>Δ</sup>Based on two human clinical studies of 12 weeks<sup>‡</sup> and 6 months<sup>‡</sup> in length. Participants who consumed 400 mg Morosil™<sup>®</sup> Moro blood orange extract per day showed reduction in body weight, body mass index (BMI), and hip and waist circumference compared to placebo.
